Firearm Registration Centre: Honeydew Cluster

The Firearms Registration Centres in Gauteng Province were decentralized to the local Police stations from January 2011. The decentralization was done to ensure better service delivery to the community relating to the functions performed by the Firearms Registration Centres in terms of the Firearms Control Act 60/2000.

Applicants can now contact or go to their local police station to be assisted in firearms related matters. At each police station there are personnel who will assist applicants with their enquiries and applications.

At present there are a huge number of firearm licenses issued in terms of the Arms and ammunition act 75 of 1969 and Act 60/2000 as well as competency cards at the police stations. As yet a number of these license cards have not been collected by the license holders.

An appeal is made to all applicants who applied for their competency cards and license cards who have not been contacted to collect their cards, to contact their local Police stations in order to enquire on the progress of their applications. The applications received during 2009 and 2010 are still in process and the applicants will be notified via SMS when the card reaches the local police station.

Applicants that applied at the Roodepoort FRC are requested to contact their local police station to determine whether the application process relating to their application has been finalized.

Herewith the following contact details regarding the local FRC units:
